

COMPANY PROFILE

MUEEN International Engineering Solutions

Beyond Limitation With Superior Service

Company Overview

MUEEN International Engineering Solutions (MIES) is a trusted provider of integrated engineering services, offering expert solutions in design consultancy, construction, flooring systems, lighting, energy & electrical engineering. Based in Dhaka, Bangladesh, we deliver complete end-to-end support for both industrial and residential projects, combining innovation with practical expertise to meet the demands of modern infrastructure.

Founded by a team of seasoned professionals with deep technical and managerial experience, MIES has earned a reputation for quality, reliability, and forward-thinking execution. We take pride in understanding our clients' unique needs and delivering customized solutions that go above and beyond expectations.

Guided by our motto "Beyond Limitation with Superior Service" we are committed to long-term partnerships rooted in trust, transparency, and mutual growth. At MIES, we don't just provide services we become a dedicated partner in your success.

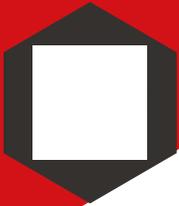

Why MIES?

- Unmatched expertise
- Comprehensive solutions
- Dedicated client focus
- Uncompromising quality
- End-to-end project management
- Experienced multidisciplinary team
- Fast turnaround & on-time delivery
- Strong after-sales & technical support

At MUEEN International Engineering Solutions (MIES), our vision is to become a customer-focused and performance-driven leader in integrated engineering solutions. With a strong network and streamlined operations, we aim to be a trusted partner in the supply chain delivering value, reliability, and innovation in every project

Our mission at MIES is to provide smart, reliable, and cost-effective design, construction, and engineering services that not only meet but exceed our clients' expectations. We strive to stay ahead of evolving industry standards by embracing innovation, quality, and efficiency. More than a service provider, we position ourselves as a strategic partner committed to building long-term success through trust, collaboration, and consistent performance.

- Ceiling & Dry Wall Solutions
- Interior Solutions
- Building Materials Supply
- Architectural Solutions
- Structural Solution
- Export & Import
- Insulation Solutions

Flooring Solutions

- Vinyl Floor Solution
- Epoxy Floor Solution
- PU Floor Solution
- Floor Hardener Solution

Lighting Solutions

- LED Bulbs and Tubes
- LED Panels and Fixtures
- LED Street Lights
- LED Floodlights
- LED Downlights
- LED High Bay Lights

Energy Products & Electrical Engineering Solutions

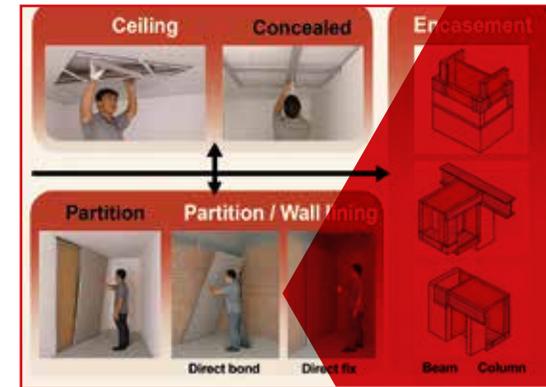

- Conventional Lightning Protection System
- ESE/Digital Lightning Protection System
- IPS, UPS Online & Offline
- Generator Supply & Solar Solutions
- FRP Industrial Exhaust Fan
- Switches & Sockets

Design Consultancy & Construction

At MUEEN International Engineering Solutions (MIES), we provide smart, efficient, and tailor-made design and construction services. From the initial idea to the finished project, we focus on creating spaces that are practical, attractive, and strong whether for homes, offices, or industrial buildings.

Our Type of Work:

- Ceiling & Dry Wall Solutions
- Interior Solutions
- Building Materials Supply
- Architectural Solutions
- Structural Solution
- Export & Import
- Insulation Solutions

Our Specialty & Key Features:

- Customized design solutions
- Skilled engineering team
- Quality materials and workmanship
- Fire-rated and energy-efficient system
- On-time project delivery
- Work compliant with industry standards

Flooring Solutions

MUEEN International Engineering Solutions (MIES) provides durable and high-quality flooring solutions designed for industrial, commercial, institutional, and hospital spaces. Our floors offer strength, hygiene, safety, and attractive finishes to ensure long-lasting performance with low maintenance. From decorative surfaces to heavy-duty industrial coatings, we handle everything from choosing the right materials to expert installation.

Flooring Solutions

- Vinyl floor solution
- Epoxy floor solution
- PU (Polyurethane) floor solution
- Floor hardener solution

Our Specialty & Key Features:

- Customized design solutions
- Skilled engineering team
- Quality materials and expert execution
- antibacterial, and antistatic systems
- Timely project delivery
- Standards-compliant work

Gerflor

Lighting Solutions

At MUEEN International Engineering Solutions (MIES), we provide high-quality lighting solutions that improve energy efficiency, visibility, and aesthetics for residential, commercial, and industrial spaces. We import lighting products from trusted manufacturers and ensure expert installation for reliable performance and lower energy costs.

Our Type of Work:

- LED bulbs and tubes
- LED panels and fixtures
- LED street lights
- LED floodlights
- LED downlights
- LED high bay lights

Our Specialty & Key Features:

- Energy-saving and long lifetime
- Low maintenance requirements
- Suitable for a wide range of applications
- Certified quality products
- Professional installation support
- Modern and functional designs

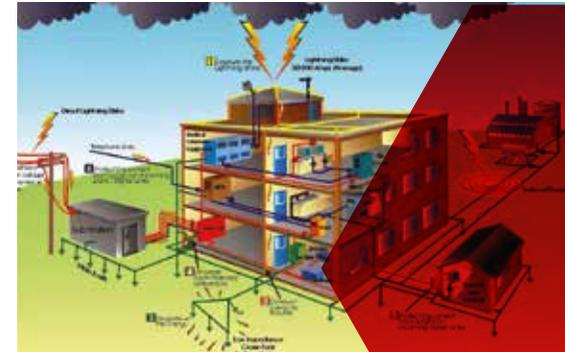

Energy Products & Electrical Engineering Solutions

MUEEN International Engineering Solutions (MIES) offers reliable and sustainable energy products and electrical engineering solutions to ensure uninterrupted power, safety, and efficiency for both residential and industrial projects. From backup power systems to lightning protection, we provide smart energy solutions supported by technical expertise and quality components.

Our Type of Work:

- Conventional Lightning Protection System
- ESE/Digital Lightning Protection System
- IPS, UPS Online & Offline
- Generator Supply & Solar Solutions
- FRP Industrial Exhaust Fan
- Switches & Sockets

Our Specialty & Key Features:

- Reliable power solutions
- Sustainable solar systems
- Certified safety equipment
- Efficient load management
- Professional installation team
- Standards-compliant designs
